The college administration, staff and students is so delightful to receive you as the first Archbishop and Provincial staff to visit Canon Benaiah Poggo College since its initiation in 1993.

Although the College had strived for the last fifteen years. There are constrain which it faces:-

1. Financial constrain for the College to meet its operational budget to execute its programme and plans
2. Lack of sponsorship to the students, the sending Dioceses can not afford to pay for their students
3. Lack of permanent donors
4. Sponsorship for staff academic development.

Therefore, we appeal that the Theological commission should make assessment of the Theological Colleges in the Province and seek for funding. Also consideration should be given for income generating project such as agriculture.
